The Sea Ranch is a unique coastal community located 100 miles north of San Francisco, California. Founded in 1963, the project's building principles and guidelines led the way for the creation of a new kind of community — one that championed sustainable design that exists in harmony with nature, and minimizes its physical impact on the landscape. It occupies 10 miles of majestic northern California coastline, with vast, open meadows intervened by historic cypress hedgerows and coastal grasses dotted with wildflowers, hugged by a ridgeline of dense forest. The clusters of site-specific buildings made of humble materials were formed to respond to their place, creating the intersection of where people and nature meet. The Sea Ranch remains one of the most iconic studies of environmental architecture, still influencing the world today.

The Sea Ranch Lodge offers a variety of options to suit your needs. From a ceremony on the Bluff overlooking the Pacific Ocean, to a Lodge Buy-Out for a fun exclusive welcome reception, and a unique custom wedding reception on our meadow. For the adventurous type, we have enough space to allow for glamping.
